OBJECTIVE

Enthusiastic and detail-oriented Computer Engineering diploma student with practical experience in web development and a strong foundation in programming and problem-solving. Passionate about building responsive and user-friendly web applications and continually enhancing skills in modern technologies. Seeking an opportunity to contribute to a dynamic organization and grow as a developer.

EDUCATION

Diploma in Computer Engineering

CSMSS College of Polytechnic, Aurangabad

2023 – 2026

INTERNSHIP EXPERIENCE

Web Development Intern – Angel Infotech (June 25 – Aug 25)

- Developed responsive and user-friendly websites using HTML, CSS, JavaScript and Bootstrap.
- Created multiple frontend projects with clean UI and responsive design.
- Gained hands-on experience in building real-world responsive forms.
- Enhanced skills in front-end development and web design best practices.

PROJECTS

Internship Projects (Frontend & Responsive)

1. **Portfolio** – A personal portfolio website showcasing skills, projects and achievements.
2. **My Help Tag** – A social awareness website to support and connect people in need.
3. **Forex Forms** – A responsive transactional form website for currency exchange.

Academic Project (Mega Project)

- **Telemedicine Interface for Senior Citizens**
  Developed a web application to help senior citizens connect with doctors online, manage appointments, and access medical services easily.

Micro Project

- **Event Planner Android App**
  Developed an Android application to plan and manage events with features like event creation, reminders, and scheduling.

CERTIFICATION

- **Full Stack Web Developer Certification** – Angel Infotech

ACHIEVEMENTS

- Successfully completed multiple frontend projects during internship.
- Developed major academic and micro projects with real-world functionality.
- Strengthened problem-solving, time management, and teamwork skills.
